1958
MRS. C. W. VALLETTE
COME 'N' LOOK GARDENS
DECLO, IDAHO

PLEASE READ CAREFULLY BEFORE ORDERING:

Postage paid on orders of \$3.00 or more; for less, please add .35 toward postage. **If you will send \$1.00 toward postage, I will include \$2.00 extra iris, my choice.** Shipping begins in July; rhizomes are not mature enough to send earlier. Free replacement of plants that die, if reported by October 1, but I cannot be responsible for winter-kill. Varieties not true to name will be replaced if reported upon blooming. My rhizomes are not forced in any way, and do not grow to huge size, but judging by reports from satisfied customers all over the country, they do better almost everywhere than big lush ones that not easily. Kinds in parenthesis are onco-hybrids and often have small rhizomes, as do all Dwarfs and some Talls.

I send freshly dug, well-packed State-inspected plants, but sometimes due to hot weather or delay in the mail, they may be dry when received. Please do not write me about this, **as it does not hurt them in the least**, and these dry-looking plants often start growing sooner than nice fresh ones. If you wish to ensure quick delivery by mail, enclose .35 extra for a **SPECIAL HANDLING** stamp. Soaking for ½-hour before planting in Semesan (3 tbs. per gal. of water) makes them start growth sooner, and helps protect them against winter rot. **NEVER** let any kind of fertilizer touch rhizomes, or they will rot; bonemeal is safe, and superphosphate or rotted manure in moderation, **IF** kept 6" away from them. July or early August is best for planting in the North, but September is better in dry, hot areas. Cover ½" deep (more in sandy soil); give good drainage and if possible, full sun, and keep out grass and weeds for best success.

This list contains almost 2000 varieties, old and new, American and foreign, some well known, other not, but all lovely. I strongly urge you not to confine yourself to things you know—take a chance and order some you're unfamiliar with, that everyone doesn't have. You are sure to be delighted with them when they bloom.

Prices run from 1/3-¾ standard catalog, according to stock on hand. For still greater savings, order a collection, **MY CHOICE**, in any price-class, or send me \$5.00 and I will send you \$7.50, priced from .30 on up, chosen from all groups in a good color range; this cuts my price to as little as ¼ standard. Send an alphabetical list of what you have, if you wish, but my listing is so large there is little risk of duplication if you do not. This offer, made to dispose of surplus, is strictly **my choice**, but you may mention a few you would like, to give me an idea of your preference, though I can't promise to send the particular ones mentioned. Please do not order iris I do not list, without writing first to see if I can supply them. Perhaps I can, as I have almost 1000 not listed here, and if I can't, I can perhaps get them for you at considerably less than standard prices.

GIFT IRIS sent with all orders of \$3.00 or more, except **MY CHOICE** collections, which do not count on gifts, though if \$1.00 is added for postage, \$2.00 in extra iris will be sent free. To induce early ordering, orders over \$3.00 postmarked Before June 1 may choose 15% of free iris, or over \$11.00 may choose 20%; orders postmarked in June may choose 10% or 15%. **NET** items (marked*) may **not** be chosen as premiums. Please list a few extra gift iris, in case I am out of some you want.

Orders may be sent until Oct. 1, when my shipping season ends, but **if NET varieties are ordered after July 10, please list a few extras in case of shortage**, otherwise I will substitute something similar of equal or greater value, unless requested otherwise, in which case I will refund for things I cannot supply. As my list is longer this year, descriptions are not given in the .25 - .40 classes; these may be found in my '56 or '57 lists, or in catalogs that specialize in lower-priced varieties. If a variety is not listed in one group, look in another, it may have changed prices since last year.

MY OWN 1955-1958 INTRODUCTIONS; BRAND NEW!

CIRCUS LADY ('57) M; 36"; Novelty iris; closed pale yellow S., semi-flared white F. without the usual yellow edge, with gay purple veining on upper part, in a sort of rosette pattern. **\$1.50**

CRAZY QUILT ('58) M; 36"; Yellow plicate, marked heathered much like Ruth Pollock—But! The yellow is left off here and there, over the whole flower, in odd-shaped patches, so no two flowers are alike, and the lilac-rose markings on the resulting white ground give a most unusual iridescent effect. A real novelty—nothing like it any price! **Only \$10.00***

CREAMGLO ('57) M; 40"; Cream self warm glow at heart; closed S., semi-flared F., all trimmed with lace. You'll like it! **\$7.50**

MADAME ELECTRA ('56) M; 26"; Lavender-blue Boarder Iris, edged darker, F. stitched deep violet, in a new color in plicatas. Good form and some ruffling; flowers sized in proportion to height. **\$2.00**

MOONLIGHT MIDNIGHT ('58) M; 34"; deep red-purple Fancy plicata, yellow hafts; a brighter, taller, darker, larger, redder Moonlit Sea, perhaps the most contrasty of this whole class. **\$10.00***

SALMON FUCHSIA ('55) M; 38"; Floriferous tall deep salmon, overlaid orchid except at top of semi-flared F., which are venely veined orchid; deep salmon beard. Try it—you'll like it **\$2.50**

SWEET GIRL GRADUATE ('55) Large somewhat lacy creamy pink, shrimp beard; perfect form and extra good substance. Blooms heavily and increases fast. **A real buy at \$5.00**
